

# Disability Access Guide to all QR Citytrain Stations

## How to use this guide

- 1 Look for the Citytrain line you will be travelling on such as, Shorncliffe or Cleveland line.
- 2 Go to the stations listed in the left hand column and locate the station you want to depart from and which station you want to travel to.
- 3 Identify what station facilities are available at a particular station by scanning across the row and down a station facilities column.

facility is available at this station

facility is not available at this station

**Assist** assistance from a carer, friend, relative or support worker may be required

**n/a** indicates that this is 'not applicable'

## Station Facilities

If the facility is available then:

**Independent Access** refers to the ability to enter a station platform, and go between platforms independently without using stairs.

**To City and From City - Lift** indicates that lift access is provided to platforms where inbound and outbound trains usually stop.

**To City and From City - Ramp or Path** indicates an accessible ramp or path is available as an alternative to stairs. In the event of a steep ramp or level crossing "Assist" will be listed.

**Access between platforms** indicates that ramp, path or lift access is available between platforms as an alternative to steps.

**High Platform** refers to either a section of the platform or the whole platform being level with the train carriage doors.

**Tactile edges** refers to hazard tactiles which have been installed along the platform edge to assist people with a vision impairment.

**Help phone** indicates that an emergency and disability assistance phone is provided at the station.

**Electronic Timetable** information is provided in an audible and visual format through Timetable Consoles or a visual format through electronic displays or TV screens.

**Hearing Loop** is available for people who use a T switch either on the platform, at the ticket counter or both.

**Low Ticket Counter** is specifically designed with a recessed and lowered counter to make it more accessible to people who use a wheelchair.

**Accessible Toilet and Parking** means these facilities are provided at the station.
