

Morayfield station accessibility upgrade

PROJECT UPDATE – MAY 2019

The Morayfield station accessibility upgrade is part of Queensland Rail's \$300 million program to upgrade stations across the South East Queensland network, making them accessible for all customers.

Project progress

Activities undertaken at Morayfield in April included:

- concrete pour – new raised platform area
- installation of formwork for footings and lift shafts – platforms 1 and 2
- construction of footings and foundations for new footbridge and lift shafts
- concrete pour – lift shaft walls and footings
- construction of new station building outer walls
- construction of lift shaft segments (offsite).

Upcoming works

In the coming weeks, customers and the community can expect to see the following activities:

- work on the new footbridge footings
- construction of station building slab
- installation of underground services – platform 2
- construction of lift shaft walls
- construction of new station building outer walls
- construction of lift shaft segments and footbridge (offsite)
- installation of new footbridge (early June).

Please take care around the work zones.

Construction impacts

Normal working hours are 6am to 5pm Monday to Saturday. Construction activities may involve:

- noise associated with heavy machinery
- temporary changes to station access paths
- changed traffic and parking conditions
- increased vehicle movements near works
- mobile lighting towers for night works.

Residents and the local community will be given advance notification of construction activities likely to cause impacts, including after hours work (nights and Sundays, as required).

We thank you for your patience and cooperation as we work to improve your station.
