

# After hours works Banyo station

## What?

Queensland Rail will undertake night and weekend works in April 2024, as part of the Banyo station accessibility upgrade.

Night works are a continuation of the current program of Energex activities and include excavation, underboring (tunnelling) and concrete pumping. The weekend works (previously notified) will be undertaken during a scheduled track closure with no rail services operating and overhead power switched off.

## When?

Night works **from 10pm until 5am** the next day on:

- **Sunday 21 to Tuesday 23 April** (over three nights)
- **Sunday 28 April to Thursday 2 May** (over five nights).

**Around-the-clock** weekend works during a planned track closure:

- **6am Saturday 27 to 10pm Sunday 28 April** (previously notified).

Where possible, noisiest activities will be scheduled prior to 10pm.

## Where?

Night works will continue in footpath areas in the vicinity of the level crossing at the corner of St Vincent's Road, Tufnell Road and Royal Parade east.

Weekend works will occur throughout the station precinct including platforms, station carpark, adjacent work zones and footpath areas.

## Impacts

Operation of vacuum excavators, piling rigs, concrete pumping trucks and vehicles with flashing lights and reversing beepers

Construction noise: excavation, screw piling, use of concrete saw cutters, tunnelling equipment, concrete pumps and powered tools

Night works and around-the-clock weekend works

Lane closures and traffic management

Lighting towers at night

Every effort will be made to carry out these works with respect for our valued neighbours. We apologise for any inconvenience and thank you for your patience while we build you a better Banyo station. Works may be subject to change due to weather conditions and operational requirements.
