

South Bank platform 1 upgrade

Queensland Rail is upgrading platform 1 at South Bank station to improve accessibility for customers and better connect with the adjacent Southpoint development.

Features of the platform 1 upgrade include:

- a full-length raised platform
- platform seating and extended waiting shelters
- upgraded security cameras and lighting at assisted boarding points
- new wayfinding and platform signage.

Main construction will start in **October 2021**, with completion expected in early-2023.

Upgrade works will be carried out on select weeknights. Temporary platform 1 closures will also be in place over nominated weekends in 2021 and 2022.

Thank you for your cooperation as we upgrade platform 1 at South Bank station.
