

South Bank platform 1 upgrade

PROJECT UPDATE – DECEMBER 2021

Queensland Rail is upgrading platform 1 at South Bank station to improve accessibility for customers and better connect with the adjacent Southpoint precinct.

Project progress

The following works have been carried out to support the platform 1 upgrade at South Bank station:

- site establishment in the staff carpark and on the footpath adjacent to Vulture Street (image across)
- four platform 1 closures across October, November and December 2021 to facilitate upgrade works
- ongoing foundation works between the Tribune Street end of the platform and the bottom of the ramp to Vulture Street (image below)
- concrete works at the Tribune Street end of the platform
- ongoing platform design work.

Upcoming works

Customers and the local community can expect to see the following activities commence in 2022:

- ongoing concrete and reinforcement works to the Tribune Street end of the platform
- foundation works between the Vulture Street end of the platform and the bottom of the ramp.

Season's greetings

Works will shutdown over the Christmas and New Year period from **Friday 17 December 2021, and return Tuesday 4 January 2022.**

We wish you all a safe and happy festive season!

Construction impacts

During the platform 1 upgrade, changes due to construction activities may include:

- temporary platform 1 closures and changes to outbound train services
- changed traffic conditions for safety
- noise associated with heavy machinery
- temporary changes to access paths throughout the station precinct and surrounding areas
- increased vehicle movements near works
- the use of mobile lighting towers (for night works).

Normal working hours are 6.30am to 6.30pm, Monday to Saturday.

The local community will be given advance notice of construction activities likely to cause impacts, including after hours work (nights, Sundays and public holidays).

We thank you for your patience and cooperation as we upgrade platform 1 at South Bank station.
