

# South Bank platform 1 upgrade

PROJECT UPDATE – MARCH 2022

Queensland Rail is upgrading platform 1 at South Bank station to improve accessibility for customers and better connect with the adjacent Southpoint precinct.

## Project progress

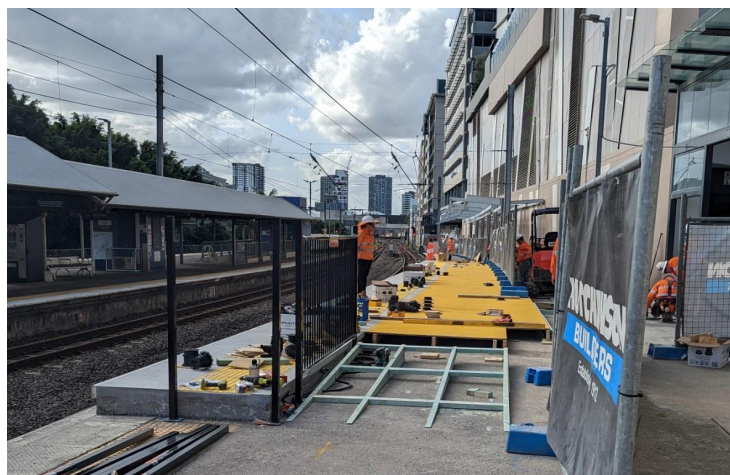

The following works have been carried out to support the platform 1 upgrade at South Bank station:

- three platform 1 closures across January and February 2022 to facilitate upgrade works
- ongoing concrete and reinforcement works to the Tribune Street end of the platform
- stormwater works and installation of structural steel to the Tribune Street end of the platform (image below)
- installation of copes and construction of a raised section of platform in the middle of platform 1 (image across)
- ongoing foundation works between the Vulture Street end of the platform and bottom of ramp.

## Upcoming works

Customers and the local community can expect to see the following activities in the coming months:

- installation of copes to the Tribune Street end of the platform
- installation of structural steel to the middle of platform 1 (near Southpoint entrance and behind station ticket office)
- ongoing foundation works between the Vulture Street end of the platform and the bottom of ramp
- concrete and reinforcement works to the Vulture Street end of the platform
- ongoing stormwater works and platform design.

## Construction impacts

During the platform 1 upgrade, changes due to construction activities may include:

- temporary platform 1 closures and changes to outbound train services
- changed traffic conditions for safety
- noise associated with heavy machinery
- temporary changes to access paths throughout the station precinct and surrounding areas
- increased vehicle movements near works
- the use of mobile lighting towers (for night works).

Normal working hours are 6.30am to 6.30pm, Monday to Saturday.

The local community will be given advance notice of construction activities likely to cause impacts, including after hours work (nights, Sundays and public holidays).

We thank you for your patience and cooperation as we upgrade platform 1 at South Bank station.
