

# South Bank platform 1 upgrade

WORKS NOTICE

## Night and weekend works

### Between Monday 17 and Thursday 27 January

As part of the South Bank platform 1 upgrade, Queensland Rail will undertake platform works on various days between **Monday 17 and Thursday 27 January** (weather and construction conditions permitting).

For the safety of our customers and construction workers, these works have been scheduled when there is reduced rail traffic or when platform 1 is temporarily closed. Nearby residents may experience some noise associated with construction activity, machinery and truck movements.

A single lane closure will be in place on Tribune Street, South Brisbane to assist with construction works occurring over weekends (see table below for details).

Every effort will be made to minimise disruption and we thank you for your patience while we upgrade platform 1 at South Bank station.

#### Overview of night and after hours works

Location	Dates and hours of work	Type of work
South Bank station - platform 1	From <b>6.30pm to 4am the next day on:</b> <ul style="list-style-type: none"><li><b>Monday 17 to Thursday 20 January</b> (over four nights)</li><li><b>Thursday 27 January</b></li></ul>	Platform footings, concrete pouring and ground beam works involving: <ul style="list-style-type: none"><li>the use of hand-held tools and powered equipment</li><li>operation of trucks and machinery with flashing lights and reversing beepers, including concrete saw cutter and line pump, vacuum excavation truck, excavators with rock breakers, scissor lift and forklift</li><li>movement of personnel and vehicles around the station precinct, platform 1 rail corridor and Vulture Street (deliveries only).</li></ul>
