

Gold Coast Station Renewal project Ormeau station May update

The Gold Coast Stations Renewal project is part of Queensland Rail's commitment to providing up to date, clean facilities for our customers. The scheduled works are expected to be completed in early 2018, in time for the Gold Coast Commonwealth Games, weather and construction conditions permitting.

Project progress

The following works at Ormeau have been completed to date:

- Assembly of the footbridge scaffolding
- Fresh repaint of the platforms
- Relocation of the ticket office to a demountable outside the station entrance in preparation for upgrades to ticket office and staff facilities.
- Installation of new electrical switchboards.

Upcoming work

In the coming weeks, customers can expect to see the following works being carried out:

- New cladding to the exterior of the station
- Refurbishment of the footbridge to allow more light and air flow
- Upgrades to CCTV across the station precinct, including carparks and entry and exit points
- Upgrades to public amenities
- Upgraded lighting to the carpark, station buildings and platforms.
- Station building refurbishment.

Queensland Rail appreciates your patience while works are underway.
