

Coomera to Helensvale Duplication Extended working hours – Coomera River

October 2016

Queensland Rail is duplicating the final section of single track on the Gold Coast line, between Coomera and Helensvale stations. The Coomera to Helensvale Duplication involves constructing 8.2 kilometres of track and eight rail bridges, installing overhead electrification and signalling systems, and replacing 3.8 kilometres of timber barrier fencing.

As part of construction of the new rail bridge crossing Coomera River, Hope Island Road and Saltwater Creek, short-term extended working hours may be required to complete piling works.

From Monday 24 October until Monday 31 October, piling works on the northern side of Coomera River may continue until 9pm each working night (Monday to Saturday).

Users of Coomera River and nearby residents are advised to expect the operation of piling rigs, cranes, lighting towers and other machinery near the rail bridge between the hours of 7am and 9pm, if required.

Overview of work

Location	Dates and hours of work	Type of work
Coomera River near the rail bridge	Monday 24 – Monday 31 October 2016 7am – 9pm, Mon-Sat (after hours work, if required)	<ul style="list-style-type: none">• Piling works• Use of large equipment, machinery (including cranes) and vehicles• Use of mobile lighting towers

Residents located near this area may experience noise from piling works and construction machinery, as well as lighting associated with the construction activities.

An appropriate navigation channel in Coomera River will be maintained at all times. Please take care and follow navigation directions around the work zones.

Queensland Rail apologises for any inconvenience caused and appreciates the local community's cooperation during these important works.
