## Coomera to Helensvale Rail Duplication

### Hope Island Road – road closures and night works

Queensland Rail is duplicating the final section of single track on the Gold Coast line between Coomera and Helensvale stations.

**From Saturday 22 October 2016, night works will commence to install structures on the new rail bridge over Hope Island Road, Helensvale. This will include a full closure of Hope Island Road on the western side of the rail bridge over several nights between 22 and 26 October 2016, weather permitting.**

During the road closure, motorists are advised to use the detours provided via Monterey Keys Drive, Helensvale Road and Siganto Drive.

Night works will continue from Thursday 27 October to Friday 4 November to complete the installation of bridge structures. There will be changed traffic conditions during these night works, including lane closures on Hope Island Road near the rail bridge.

The times for these road closures are shown below:

#### Hope Island Road – road closure near rail bridge

Date	Time
Saturday 22 October	8pm – 6am
Sunday 23 October	8pm – 6am
Monday 24 October	8pm – 6am
Tuesday 25 and Wednesday 26 October (if required due to wet weather on previous nights)	8pm – 5am

#### Hope Island Road – single lane closures and night works

Thursday 27 and Friday 28 October	8pm – 6am
Sunday 30 October to Friday 4 November	8pm – 6am

For the safety of motorists, workers and the community, traffic control will be in place to direct road users and pedestrians via the alternative route. Access to local properties will be maintained at all times.

Queensland Rail apologises for any inconvenience and appreciates the local community's cooperation during these important works.
