

## SEQ Rail Stabling Program Banyo – CCTV security camera testing

Queensland Rail and CPB Contractors are carrying out works to test the Banyo stabling facility's CCTV security system. Due to a material supply issue, testing of the CCTV security system will now take place on **Tuesday 13 June and (if required) Wednesday 14 June 2017**.

This work will be undertaken at night using the facility's lighting to enable the CCTV cameras to be focussed for night recording.

### Overview and dates of work

Location	Dates and hours of work	Type of work
Banyo stabling facility, corner of Tuffnell Road and Royal Parade	<b>From 6pm until midnight:</b> <ul style="list-style-type: none"><li>• <b>Tuesday 13 June</b></li><li>• <b>Wednesday 14 June</b> (contingency only, weather and construction conditions permitting)</li></ul>	CCTV camera testing: <ul style="list-style-type: none"><li>• Use of facility lighting (100 per cent illumination level*)</li><li>• Essential personnel only.</li></ul>

**\*Once the stabling yard becomes operational the lighting will not be at 100 per cent illumination continuously.**

The project team will endeavour to minimise the impact of works on neighbouring residents as much as possible. This includes toolbox talks with work crews to remind them of out-of-hours work protocols e.g. no unnecessary shouting, whistling, beeping car horns.

### Who can I contact?

If you have any questions, or would like to register for more information, please contact the project team on 1800 783 334 (free call) or email [stabling@qr.com.au](mailto:stabling@qr.com.au)  
**CPB Contractors can be reached on 1800 783 334 (press 1).**
