

SEQ Rail Stabling Program Banyo – CCTV security camera testing

Queensland Rail is carrying out works to test the Banyo stabling facility's CCTV security system on **Wednesday 31 May and (if required) Thursday 1 June 2017.**

This work will be undertaken at night using the facility's lighting to enable the CCTV cameras to be focussed for night recording.

Overview and dates of work

| Location | Dates and hours of work | Type of work |
|-------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Banyo stabling facility, corner of Tuffnell Road and Royal Parade | From 6pm until midnight: <ul style="list-style-type: none">Wednesday 31 MayThursday 1 June (contingency only, weather and construction conditions permitting) | CCTV camera testing: <ul style="list-style-type: none">Use of facility lighting (100 per cent illumination level[*])Essential personnel only. |

***Once the stabling yard becomes operational the lighting will not be at 100 per cent illumination continuously.**

The project team will endeavour to minimise the impact of works on neighbouring residents as much as possible. This includes toolbox talks with work crews to remind them of out-of-hours work protocols e.g. no unnecessary shouting, whistling, beeping car horns.

Who can I contact?

If you have any questions, or would like to register for more information, please contact the project team on 1800 783 334 (free call) or email stabling@qr.com.au
CPB Contractors can be reached on 1800 783 334 (press 1).
