

Temporary carpark closures

Eastern carpark (partial) – Wednesday 22 August from 7pm

Western carpark – TO BE RESCHEDULED

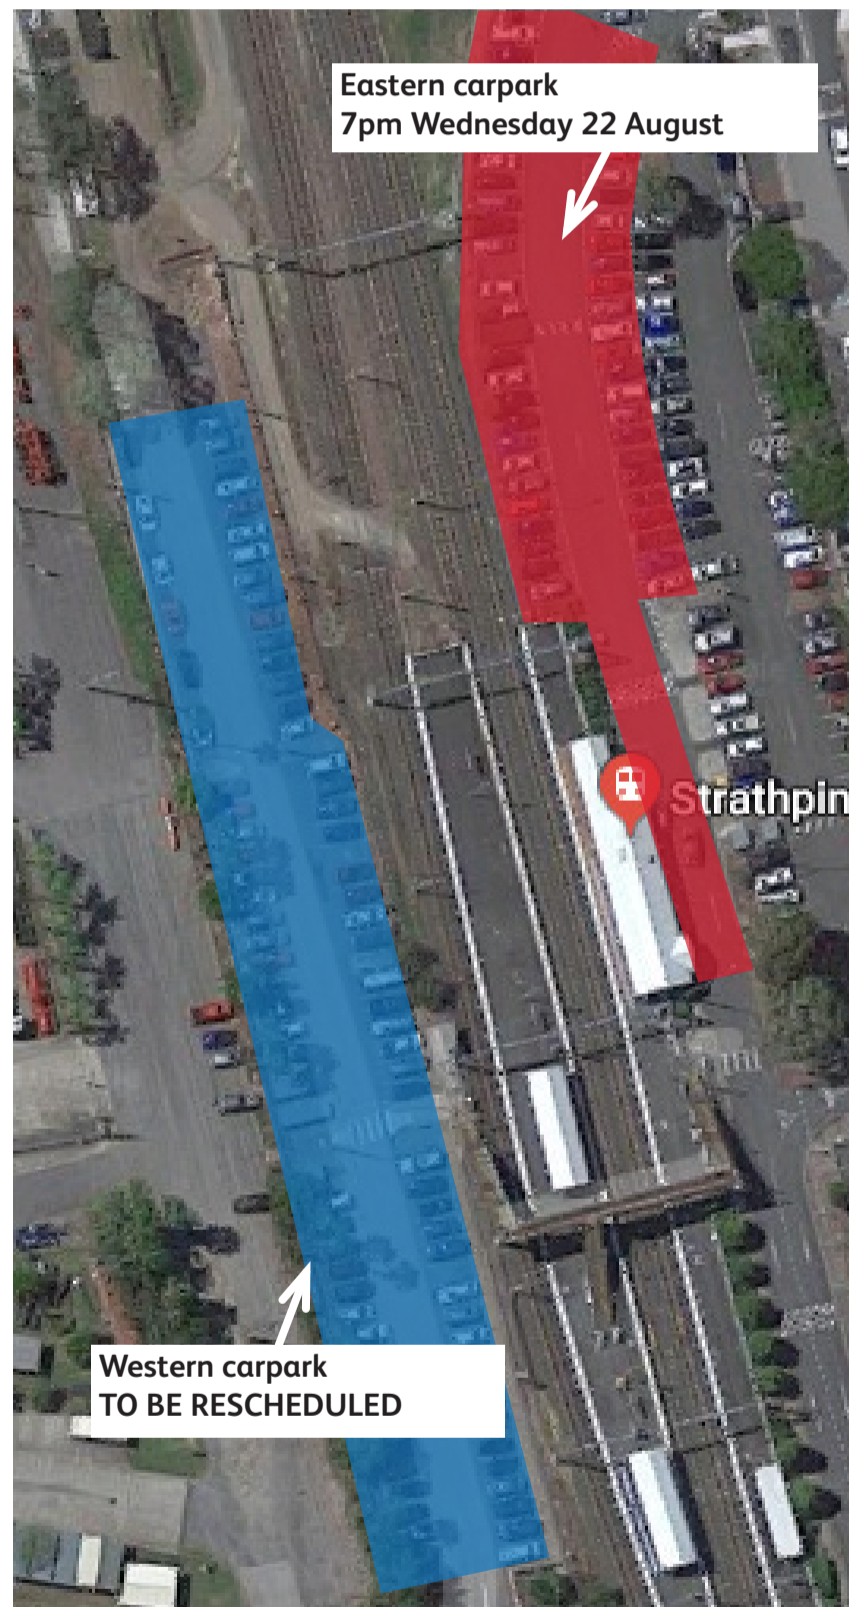

To enable the installation of the temporary footbridge as part of the Strathpine station accessibility upgrade, sections of the station carpark will be unavailable on selected nights in August.

A large crane will be situated in the carpark overnight to lift the bridge into position.

For the safety of the public and private property, customers are requested to please assist the project team by removing vehicles in the affected carpark by 7pm on the day of works (see map).

Due to emergency works elsewhere on the network, the crane lift scheduled for Sunday 19 August will be rescheduled to a later date.

We appreciate your cooperation and apologise for any inconvenience during these important works.
