

# Cannon Hill station accessibility upgrade

WORKS NOTICE

## Works notice - temporary station closure

### September 2020

As part of the Cannon Hill station accessibility upgrade, Queensland Rail will undertake works from **6am to 6pm each day on Saturday 19 and Sunday 20 September** (weather and construction conditions permitting).

Works will involve screw piling on the station platforms in preparation for platform raising works in November 2020.

Nearby residents may experience some noise associated with construction activity, the operation of heavy machinery and the movement of vehicles around the station precinct.

For the safety of workers and to maintain rail services, these works have been programmed during a scheduled station closure, where no rail services will stop at Cannon Hill station.

A free shuttle bus will transport customers to and from Murarrie station to connect with rail services. Please allow at least an **additional 30 minutes** for travel or consider travelling from a different station.

Every effort will be made to minimise disruption and inconvenience as we work to improve your station.
