

Buranda station accessibility upgrade

WORKS NOTICE

Night works – overhead line infrastructure

November 2019

As part of preliminary works in preparation for the Buranda station accessibility upgrade, overhead line infrastructure works will be undertaken **from 8pm until 6am** the next day on selected nights – **Tuesday 5 and Wednesday 6 November** and **between Monday 11 and Friday 15 November** (weather and construction conditions permitting). For the safety of workers and the public, these works have been scheduled after hours when there is no rail traffic.

Local residents may experience some noise associated with construction activity and truck movements in the vicinity of Arne, Gillingham and Martin Streets. Mobile lighting towers will be used during night works. Every effort will be made to minimise disruption and we apologise for any inconvenience as we undertake this period of early works.
