

# East Ipswich station accessibility upgrade

WORKS NOTICE

## After hours works

### Sunday 19 December 2021

In preparation for commencing operations of the new East Ipswich station, Queensland Rail will undertake linemarking and painting activities on the new platforms on Sunday 19 December 2021.

Works will be undertaken during the day shift and then overnight (weather and construction conditions permitting).

Due to the nature and location of these activities, works can only be undertaken out of hours when rail traffic is reduced.

While these activities are not expected to be noisy, every effort will be made to minimise disturbance wherever possible.

We apologise for any inconvenience and appreciate your patience as we undertake these important works.
