

Newmarket station accessibility upgrade

Project update – August 2017

The Newmarket station accessibility upgrade is nearing completion, with footbridge, subway and lift works continuing.

Project progress

The following construction activities were recently completed:

- installation of platform edge tactile indicators
- asphalt works
- installation of platform CCTV.

Upcoming work

In the coming weeks, customers and the community will see the following activities:

- ongoing footbridge and subway works
- lift installation works
- Abuklea Street fencing.

The subway remains closed to the public for the duration of works. All access to the temporary platforms will be from the Wilston Road level crossing end of the station.

Construction impacts

Customers, residents and businesses adjacent to Newmarket station may experience the following:

- noise associated with heavy machinery
- use of reversing beepers
- changed traffic and parking conditions
- mobile lighting towers for night works
- increased vehicle movements around the work zones
- temporary changes to access paths throughout the station precinct.

Pedestrians are advised to follow all directional signage during this time.

Residents and other stakeholders will be given advance notification of construction activities likely to cause impacts, including after hours work (nights and Sundays, as required).

Keeping you informed
