

Strathpine station accessibility upgrade

PROJECT UPDATE – OCTOBER 2018

The Strathpine station accessibility upgrade is part of Queensland Rail's \$300 million program to upgrade stations across the South East Queensland network, making them accessible for all customers.

Project progress

The following works were recently undertaken:

- opening of the temporary footbridge
- opening of the temporary platform and closure of the South Pine Road end of platform 2/3
- removal of the original footbridge.

The ramp to platform 2/3 (at South Pine Road level crossing) is now closed for construction. Please see station staff if you require assistance accessing the station or boarding services.

Upcoming works

This month, customers and the community can expect to see the following construction activities:

- minor demolition works
- electrical/communications service identification, relocation or removal to enable construction
- preparatory activities prior to the commencement of main construction works.

Platform 2/3 closed for construction

Original footbridge makes way for construction of lifts

Construction impacts

Normal working hours are 6am to 5pm Monday to Saturday. Construction activities may involve:

- noise associated with heavy machinery
- temporary changes to access paths throughout the station precinct
- changed traffic and parking conditions
- increased vehicle movements near works
- mobile lighting towers for night works.

Please follow all directional signage and take care around the work zones.

We thank customers and the community for their patience and cooperation during this important project.
