

# Strathpine station accessibility upgrade

WORKS NOTICE

## Night works – platforms

### September/October 2019

As part of the Strathpine station accessibility upgrade, night works will be undertaken at the station on **selected nights in late September and early October 2019.**

For the safety of customers and project workers, these works must be carried out outside of peak services or at night when there is no rail traffic.

Residents near the station may experience some noise associated with construction activity and truck movements. Mobile lighting towers will be used, as required, during night works.

The footbridge will be open as usual for cross-corridor pedestrian access.

Every effort will be made to minimise disruption and we apologise for any inconvenience as we work to improve your station.

The Strathpine station accessibility upgrade is part of Queensland Rail's program to upgrade stations across the South East Queensland network, making them accessible for all customers.
