

Auchenflower station accessibility upgrade

WORKS NOTICE

Night works and lane closure

December 2020

As part of the Auchenflower station accessibility upgrade, Queensland Rail will undertake night works **between 10pm and 5am on selected nights in December 2020** (weather and construction conditions permitting).

For safety, these works can only be undertaken at night when there is reduced rail traffic.

Residents near the station may experience some noise associated with construction activity, the operation of machinery and the movement of vehicles and equipment around the work zone.

During works, the station concourse will be open to pedestrian traffic when safe for public access, but may be closed for up to two hours at a time during concrete pumping activities.

Every effort will be made to minimise disruption and we apologise for any inconvenience as we build you a better Auchenflower station.

A similar period of night works is planned for early-mid January 2021 – to be notified in more detail closer to the date.

Overview of weekend works

Location	Dates and hours of work	Type of work
Auchenflower station precinct including platforms, subway and carpark – closed	10pm to 5am the next day on: <ul style="list-style-type: none">Thursday 3 DecemberSunday 6 to Thursday 10 DecemberSunday 13 to Thursday 17 December.
