

Auchenflower station accessibility upgrade

WORKS NOTICE

Night works

Sunday 1 and Monday 2 November 2020

As part of the Auchenflower station accessibility upgrade, Queensland Rail will undertake overhead line infrastructure works and associated station upgrade activities **on Sunday 1 and Monday 2 November 2020, each night from 9pm to 4am** the next day (weather and construction conditions permitting).

Works have been scheduled at night, when there is reduced rail traffic and the overhead power is switched off.

Residents near the station may experience some noise associated with construction activity, the operation of machinery and the movement of vehicles and equipment around the work zone.

Traffic management will be in operation on Lang Parade (near The Wesley Hospital public carpark entrance). Motorists are requested to follow the instruction of the traffic controllers. Access to private property will be maintained.

Every effort will be made to minimise disruption and we apologise for any inconvenience as we build you a better Auchenflower station.

Overview of night works

Location	Dates and hours of work	Type of work
Auchenflower station, carpark and rail corridor	9pm to 4am the next day on: <ul style="list-style-type: none">Sunday 1 NovemberMonday 2 November	Station upgrade works involving: <ul style="list-style-type: none">installation of steel masts and overhead line equipment and removal of old mastsoperation of cranes, excavators, trucks, on-track vehicles and machinery with flashing lights and reversing beepersremoval of platform shelter structures – steel cutting and crane operationuse of saws, hand-held tools and powered equipmentmovement of personnel and vehicles around the station and in the rail corridorportable lighting towers in use at night.
