

Auchenflower station accessibility upgrade

WORKS NOTICE

Night works

June 2021

As part of the Auchenflower station accessibility upgrade, Queensland Rail will undertake a program of night works in **June 2021** (weather and construction conditions permitting).

These works can only be scheduled after hours when rail traffic is reduced and there are fewer people around the station precinct.

To support these night works there may be some lane closures (under traffic control) on Lang Parade and Auchenflower Terrace.

Residents near the station may experience some noise associated with construction activity and the operation of excavators, trucks and equipment around the work zone.

Every effort will be made to minimise disruption and we thank you for your patience during these important works.
