Coomera to Helensvale Duplication

Night works and road closure – Hope Island Road

December 2016

Queensland Rail is duplicating the final section of single track on the Gold Coast line, between Coomera and Helensvale stations. The Coomera to Helensvale Duplication involves construction of 8.2 kilometres of track and eight rail bridges, installing overhead electrification and signalling systems, and replacing 3.8 kilometres of timber barrier fencing.

On Tuesday 13, Wednesday 14 and Thursday 15 December 2016 (if required), night works will be conducted to install structures on the new rail bridge over Hope Island Road, Helensvale.

These works require a full closure of Hope Island Road on the western side of the rail bridge between 8pm and 6am each night, weather permitting.

During the road closure, motorists are advised to use the detours provided via Monterey Keys Drive, Helensvale Road and Siganto Drive. These works must be undertaken at night when traffic volumes are lowest.

Overview of work

Location	Dates and hours of night works	Type of work
Hope Island Road near rail bridge	<ul style="list-style-type: none">8pm Tuesday 13 December to 6am Wednesday 14 December8pm Wednesday 14 December to 6am Thursday 15 December8pm Thursday 15 December to 6am Friday 16 December (if required due to wet weather on previous nights)	<ul style="list-style-type: none">Full road closure on Hope Island Road near rail bridge. Detours provided via Monterey Keys Drive, Helensvale Road and Siganto Drive.Removal of scaffold and formwork from the new bridge structure over Hope Island RoadUse of large equipment, machinery (including cranes) and vehiclesUse of mobile lighting towers

Residents and businesses located near this area may experience noise and lighting associated with the construction activities, as well as minor traffic delays for the duration of road closures.

For the safety of motorists, workers and the community, traffic control will be in place to direct road users and pedestrians via the alternative route. Access to local properties will be maintained at all times.

Queensland Rail apologises for any inconvenience and appreciates the local community's cooperation during these important works.
