

Coomera to Helensvale Duplication Increased truck movements – Helensvale

January 2017

From Monday 23 January 2017, track formation works will commence along the rail corridor between Hope Island Road and Helensvale station, Helensvale. This work will involve significant truck movements for the delivery and removal of construction materials and machinery.

There will be increased construction vehicle movements in local streets with rail corridor access gates and along haulage routes, including Condamine Crescent, Clarence Drive, Warrego Way, Helensvale Road, Mildura Drive, Rosedale Place, Ridgevale Drive, Discovery Drive and Careel Close in Helensvale.

Overview of work

Location	Dates and hours of work	Type of work
Between Hope Island Road and Gold Coast Highway, Helensvale	Monday 23 January until late March 2017 7am – 6pm, Monday to Saturday	<ul style="list-style-type: none">Increased construction activity and heavy vehicle movements at rail corridor access gates, along the rail corridor and along haulage routesDelivery of construction materialsEarthworks to form the foundation for new track.

Queensland Rail will attempt to minimise impacts on the local community as far as possible, however residents located in this area near the rail corridor may experience increased traffic in local streets, noise from construction machinery and dust from earthworks.

Queensland Rail apologises for any inconvenience and thanks the local community for their cooperation during these important works.

The Coomera to Helensvale Duplication involves construction of 8.2 kilometres of track and eight rail bridges, installing overhead electrification and signalling systems, and replacing 3.8 kilometres of timber barrier fencing.
