

Coomera to Helensvale Duplication Night works – Helensvale rail corridor

February 2017

Between 11pm Wednesday 15 and 5am Thursday 16 February 2017, night works will be undertaken in the rail corridor between Gold Coast Highway and Helensvale station, weather permitting.

Project workers will be unloading heavy rails from trains and placing them along the corridor in preparation for track works. Residents located near this area may experience increased night time noise associated with these activities.

These activities are a continuation of recent works and must be undertaken at night in order to maintain train services. Similar works are also scheduled to occur in March 2017.

Scheduled night works

Location	Dates and hours of work	Type of work
Rail corridor between the bridge north of the Gold Coast Highway and Helensvale station	<ul style="list-style-type: none">Wednesday 15 February 2017, 11pm to 5am the next morning	<ul style="list-style-type: none">Access to rail corridor by project workers, vehicles and machineryRail traffic in the corridor overnightUnloading of new rails from trainUse of heavy equipment, machinery and vehicles with reversing beepersUse of mobile lighting towers.

Residents located near this area may also be impacted by the use of lighting at night.

Queensland Rail apologises for any inconvenience caused and appreciates the local community's cooperation during these important works.

Queensland Rail is duplicating the final section of single track on the Gold Coast line, between Coomera and Helensvale stations. The Coomera to Helensvale Duplication involves construction of 8.2 kilometres of track and eight rail bridges, installing overhead electrification and signalling systems, and replacing 3.8 kilometres of timber barrier fencing.
