

Coomera to Helensvale Duplication Site access establishment – Condamine Crescent

June 2016

Queensland Rail is duplicating the final section of single track on the Gold Coast line, between Coomera and Helensvale stations. The Coomera to Helensvale Duplication involves duplicating 8.2 kilometres of track and eight rail bridges, installing overhead electrification and signalling systems, and replacing 3.8 kilometres of timber barrier fencing.

From early June 2016, bridge construction activities will commence at the end of Condamine Crescent, Helensvale.

The site will be used as the primary access for construction of the southern end of Bridge 5, which crosses the Coomera River, Hope Island Road and Saltwater Creek.

During the works, Condamine Crescent, the sealed road alongside River Downs Park and Clarence Drive, will facilitate access for light and heavy construction vehicles and material deliveries. Traffic control will be in place to ensure the safety of motorists, pedestrians and workers.

Overview of work

Location	Dates and hours of work	Type of work
Condamine Crescent / River Downs Park	Early June 2016 to late 2016 7am – 6pm Monday to Saturday	<ul style="list-style-type: none">Establish site access and car parking areaConstruction of a ramp to provide access to the rail corridorRemoval of existing rail corridor fencing and replacement with temporary fencingEstablish site access gate in Clarence DriveEarthworks to widen embankment on southern end of Bridge 5Removal of vegetation where required
Condamine Crescent / River Downs Park	September 2016 to mid-2017 7am – 6pm Monday to Saturday	<ul style="list-style-type: none">Establish additional car park and laydown area in River Downs ParkInstalling bridge structures

Residents located near this area may experience noise from construction machinery, dust from earthworks and increased movements of construction vehicles and machinery.

Access to the River Downs Park playground will be maintained at all times.

Queensland Rail apologises for any inconvenience and thanks the local community for their cooperation during these important works.
