

Timber bridge replacements

Noise notice Grandchester – January 2019

Queensland Rail is replacing 18 rail bridges between Ipswich and Chinchilla with more durable steel structures to improve the safety and reliability of our network.

Continuous works will be undertaken during a scheduled track closure in January to replace two timber bridges, located between Grandchester and 2.5km east of Grandchester (see the map overleaf for further information). These works will be undertaken on a 24-hour basis while there are no services using the rail line, in order to minimise impact for our customers.

Prior to this closure, works will be undertaken during daytime hours to prepare the bridge for replacement.

Overview of work

Location	Dates and hours of work	Type of work and impacts
Rail bridge approximately 2.5km east of Grandchester (see map overleaf)	Monday 7 until Saturday 19 January 2019 6.30am to 6.30pm (Monday to Saturday)	Site preparation works including delivery of materials and installation of bridge supports. This includes the use of heavy machinery including a crane, piling rig, excavator and trucks with reversing beepers and flashing lights.
	2am Saturday 19 to 11pm Tuesday 22 January 2019 Continuous works.	Removal of existing rail, ballast and bridge and installation of a new structure along with replacement of rail and ballast. This includes the use of: <ul style="list-style-type: none">• heavy machinery including a crane and trucks with reversing beepers and flashing lights• hand tools including welding equipment• a generator and lighting towers.

Every effort will be made to carry out these works with respect for our valued neighbours and we apologise for any inconvenience.
