

SEQ Rail Stabling Program – Banyo construction update

Queensland Rail and CPB Contractors are continuing construction on the Banyo stabling facility.

The following construction activities are scheduled to be undertaken between **6.30am and 5pm, Monday to Saturday** throughout **September and into October 2016**, weather and construction conditions permitting:

- Earthworks and ground preparation for the stabling facility access road and carpark
- Installing drainage, water and sewerage services
- Installing concrete foundations for lighting and CCTV poles
- Installing overhead line equipment masts and signal masts
- Installing the security fence for the stabling facility
- Placing rail, sleepers and ballast.

You will notice the following around your local area and on-site during these works:

- Delivery trucks and workers' vehicles entering the site via Guardhouse Road, Railway Parade (north and south), Royal Parade, Purchase Street and Park Street
- Transportation and delivery of materials such as capping and ballast using haulage trucks
- Vehicle routes will include St Vincents Road, Tufnell Road, Purchase Street, Earnshaw Road, Eames Street, Park Street and Royal Parade
- Delivery and unloading of materials and use of machinery such as excavators, mobile cranes, front-end loaders, generators, track mountable excavators and a smooth drum roller machine

For your information

- Use of small power tools such as drills, saws and minor vibrating equipment
- Mobile lighting towers to light the work areas
- Ongoing use of a temporary work and laydown area at the rear of Banyo Memorial Park. Pedestrian access will continue to be maintained through the park during works
- Changed traffic conditions, including reduced speed limits and short traffic delays, will be experienced. Traffic controllers will be on-site when required to assist with changes to pedestrian and vehicle movements.

Queensland Rail and CPB Contractors recognise the impact these works may have on local residents and will endeavour to minimise the impact and duration of the work as much as possible. We appreciate your patience during the construction period and will continue to update you as work progresses.
