

SEQ Rail Stabling Program - Banyo footpath concrete works

CPB Contractors is carrying out works to pour concrete for the Banyo stabling facility's footpaths for approximately **eight days between Tuesday 24 January and Saturday 4 February 2017 (excluding Sunday)**. These works will commence from **5.30am** to reduce heat stress in the concrete. Some activity may commence at 5am with workers arriving to site and preparing for the concrete works.

Overview of work

Location	Dates and hours of work	Type of work
Banyo stabling facility construction site (main yard)	5.30am to 11am for approximately eight days, between Tuesday 24 January and Saturday 4 February 2017*	Concrete works will involve the use of: <ul style="list-style-type: none">• A concrete truck and concrete pump• Hand tools.

* *weather and construction conditions permitting*

The Project Team will endeavour to minimise the impact of works on neighbouring residents as much as possible. This includes:

- Toolbox talks with work crews to remind them of out-of-hours work protocols e.g. no unnecessary shouting, whistling, beeping car horns
- Using only the required and quietest possible equipment for these works.

We appreciate your ongoing patience during the construction period and will continue to update you as work progresses.

Who can I contact?

If you have any questions or would like to register for more information, please contact the Project Team on 1800 783 334 (free call) or stabling@qr.com.au. **During out of hours activities CPB Contractors can be reached on 1800 783 334 (press 1).**
