

Banyo station accessibility upgrade

PROJECT UPDATE – MAY 2025

The Banyo station accessibility upgrade is part of Queensland Rail's program to make our stations accessible for everyone.

About the project

Banyo station is being upgraded to make it more accessible, and easier for customers to travel on our network.

The new, modern station will help people in wheelchairs, parents with prams and those travelling with luggage or who are injured, to access our trains with ease.

Construction progress

Main construction at Banyo is nearly complete and the station will reopen to customers and rail services on **Monday 26 May 2025**.

Project activities recently undertaken on-site include:

- testing of the precinct's lighting system
- construction of station entrances
- ticket office fit-out
- footbridge fit-out and lift commissioning.

Upcoming works

Activities to be undertaken in the coming weeks include:

- finishing works on the new build - entrances, ticket office and footbridge/lift infrastructure
- landscaping throughout the station precinct
- completion of new bicycle facilities (coming soon)
- finishing CCTV and electrical works on northern (existing) footbridge (opening soon)
- demobilisation and removal of project offices
- completion and reopening of the station carpark (in the weeks following station reopening).

We will continue to keep you informed of activities.

Due to testing of the European Train Control System (ETCS), there will be a closure of the Shorncliffe line from Monday 2 until Thursday 5 June that will impact Banyo station and all other stations on the line.

Construction impacts

Works will generally take place between **6am and 6pm, Monday to Saturday**, unless notified. Prior notification will be provided for after hours activities (nights, Sundays or public holidays).

Thank you for your understanding throughout construction of the new Banyo station.

Alternative transport arrangements

With rail services resuming at Banyo station, the alternative transport (shuttle bus, route 316) between Northgate and Banyo stations will cease operation from last service, Sunday 1 June 2025.
