

Bowen Hills station refresh

October 2017

Queensland Rail is committed to providing minor upgrades at 10 locations across the Citytrain network to improve amenities and provide cleaner, safer stations as a key outcome of the 'Fixing the trains' action plan. This includes Bowen Hills station, which will undergo a refresh during October 2017.

The works at Bowen Hills station will include minor platform improvements, landscaping, replacement of signage and an industrial clean. During this period, the station entrance from Abbotsford Road will be upgraded which will involve temporary access changes. Signage will be in place at this time to direct pedestrians around works.
