

Bundamba station accessibility upgrade

Carpark changes - late March 2024

Queensland Rail is continuing to progress works at Bundamba station as part of the accessibility upgrade.

To safely progress trenching works inside the station carpark area, we need to close the existing carpark area and open up a new carpark closer to Creek Street (see map below). Please see site workers for bike locker access.

Every effort will be made to carry out these works with respect for our valued neighbours. We apologise for any inconvenience. Thank you for your patience while we build a better station.

If you would like to receive electronic copies of our project notices, please sign up at queenslandrail.com.au/EmailNotification
