

## SEQ Rail Stabling Program

### Woombye stabling facility night works

As part of the SEQ Rail Stabling Program, Queensland Rail and CPB Contractors will be undertaking vital construction activities within the rail corridor during the scheduled track closure of the North Coast line between **Friday 25 August and Monday 28 August 2017**.

These activities will occur outside normal working hours, as outlined below:

Location	Dates and hours of work	Type of work
Railway corridor between Palmwoods and Nambour stations, and Woombye stabling facility	<b>8pm Friday 25 August until 3am Monday 28 August 2017, continuous works</b>	<ul style="list-style-type: none"><li>• Minor civil works</li><li>• Minor tracks works</li><li>• Installation and commissioning of overhead equipment</li><li>• Installation and commissioning of signal equipment.</li></ul>

#### You will notice the following around your local area and on-site during these works:

- Delivery trucks and workers' vehicles entering the site via Back Woombye Road. A pedestrian detour will be in place at the Woombye station pedestrian crossing adjacent to Keil Street from 8pm Friday until 2am Monday
- Delivery and unloading of materials and use of machinery such as excavators, cranes, front-end loaders, generators, track-mountable excavators and compaction equipment
- Use of small power tools such as drills, saws and minor vibrating equipment
- Use of on-track vehicles, mobile cranes and light towers and stabling facility lighting at 50 per cent intensity
- Changed traffic conditions, including reduced speed limits and short traffic delays, will be experienced
- Traffic controllers will be on-site when required to assist with changes to pedestrian and vehicle movements.

The project team will endeavour to minimise the impact of works on neighbouring residents wherever possible. This includes toolbox talks with work crews to remind them of out-of-hours work protocols e.g. no unnecessary shouting, whistling, beeping car horns.

#### Further information

If you have any questions, or would like to register for more information, please contact the project team on 1800 783 334 (free call) or [stabling@qr.com.au](mailto:stabling@qr.com.au)

**During out of hours activities CPB Contractors can be reached on 1800 783 334 (press 1).**
