

Cannon Hill station accessibility upgrade

WORKS NOTICE

Night and after hours works - platform works

Saturday 13 and Sunday 14 November 2021

As part of the Cannon Hill station accessibility upgrade, Queensland Rail will carry out platform works on **Saturday 13 and Sunday 14 November** (weather and construction conditions permitting).

For the safety of our customers and construction workers, these works have been scheduled over a planned track closure when there is no rail traffic and the overhead power is switched off.

Nearby residents may experience some noise associated with construction activity, machinery and truck movements.

Every effort will be made to minimise disruption and we thank you for your patience while we build you a better Cannon Hill station.

Overview of night and after hours works

Location	Dates and hours of work	Type of work
Cannon Hill station - platforms 1 and 2	<ul style="list-style-type: none">From 6am to 6pm on Saturday 13 NovemberFrom 6am to 10pm on Sunday 14 November	Platform works involving: <ul style="list-style-type: none">the demolition of concrete slabs and footingsthe use of hand-held tools and powered equipmentoperation of an excavator with a rock breaker attachment and trucks with horns and reversing beepersmovement of personnel and vehicles around the station precinct.

The Cannon Hill station accessibility upgrade is part of the State Government's ongoing investment of more than \$500 million to upgrade stations across the South East Queensland network, making them accessible for all customers.
