

## Station Accessibility Upgrade Program

PROJECT UPDATE

Queensland Rail is striving to become a modern, customer-focused rail service and is investing \$300 million to upgrade stations, making them accessible for all customers.

As part of the Station Accessibility Upgrade Program, Queensland Rail is making improvements to Cannon Hill station.

These improvements include:

- a new pedestrian footbridge with lift access
- raised section of platform at assisted boarding points
- upgraded tactiles and hearing augmentation loops
- upgraded security cameras and station lighting
- new wayfinding and platform signage.

The project is currently in the design phase. As we move through the design and construction phases, we will ensure we keep local residents, customers and community groups well informed of the project's progress.

Artist's impressions are now available and detailed design is getting underway.

For further information or to provide feedback:

Phone: **1800 722 203** (free call)  
Email: **stationsupgrade@qr.com.au**  
Post: **GPO Box 1429, Brisbane, QLD 4000**  
Website: **queenslandrail.com.au**

Delivery of Queensland Rail's \$300 million Station Accessibility Upgrade Program will mean about 83% of customers will travel to or from an accessible station.
