

# Morayfield station accessibility upgrade

PROJECT UPDATE – DECEMBER 2018

The Morayfield station accessibility upgrade is part of Queensland Rail's \$300 million program to upgrade stations across the South East Queensland network, making them accessible for all customers.

## Project progress

Activities recently undertaken at Morayfield include:

- changed station access and pedestrian pathways
- modifications to original footbridge stairs to enable construction on platform 1
- disconnection of services (eg. power, water) in preparation for station building demolition.

## Upcoming works

In December, customers and the community can expect to see the following activities:

- demolition of station building
- changes to pedestrian access, eastern carpark.

Please take care around the work zones.

Construction of the driveway link between the station carpark and Caboolture Sports Club (pictured below) is complete, with overflow parking arrangements now in operation.

New driveway linking carparks

Original station building pre-demolition

## Construction impacts

Normal working hours are 6am to 5pm Monday to Saturday. Construction activities may involve:

- noise associated with heavy machinery
- temporary changes to station access paths
- changed traffic and parking conditions
- increased vehicle movements near works
- mobile lighting towers for night works.

Residents and the local community will be given advance notification of construction activities likely to cause impacts, including after hours work (nights and Sundays, as required).

We thank customers and the community for your patience and cooperation as we work to improve your station.

## Contact us

For more information or to provide feedback:

- Phone: **1800 722 203** (free call)
- Email: **stationsupgrade@qr.com.au**
- Website: **queenslandrail.com.au**

Delivery of Queensland Rail's \$300 million Station Accessibility Upgrade Program will ensure 83% of customers will travel to or from an accessible station.
