

East Ipswich station accessibility upgrade

WORKS NOTICE

After hours works – overhead line and track works

May 2020

As part of the final preliminary works for the East Ipswich station accessibility upgrade, Queensland Rail will undertake after hours works in **early May 2020** (weather and construction conditions permitting).

These works can only be undertaken when there is reduced rail traffic or the overhead power is switched off. For safety, traffic management will be in operation in Merton Street. Access to private properties will be maintained at the instruction of the traffic controller.

Nearby residents may notice noise associated with construction activities in the vicinity of the station precinct and adjacent rail corridor. Every effort will be made to minimise disruption and we apologise for any inconvenience as we work to improve your station.

Overview of after hours works

Location	Dates and hours of work	Type of work
East Ipswich station precinct (including carparks and rail corridor) Rail corridor access gates: <ul style="list-style-type: none">Merton Street, East IpswichIrvine and Bunya Streets, East Ipswich	<i>Night works:</i> 6pm to 6am the next day on: <ul style="list-style-type: none">Friday 1 MayWednesday 6 MayThursday 7 MayMonday 11 May <i>Weekend works:</i> 6am to 6pm the next day on: <ul style="list-style-type: none">Saturday 9 MaySunday 10 May	Station accessibility preliminary works involving: <ul style="list-style-type: none">operation of cranes, trucks and height access equipment with flashing lights and reversing beepersmodification and installation of overhead line infrastructureon-track maintenance vehicles, including tamping machine, accessing the rail corridoroperation of power tools and hand-held equipmentmovement of personnel and vehicles around the station precinct, rail corridor and access gatesuse of portable lighting towers at nighttraffic control (Merton Street).

Queensland Rail Limited ABN 71 132 181 090

Novel Coronavirus (COVID-19) – Queensland Rail is committed to keeping essential rail services operating for Queenslanders during this challenging time and to do this, network maintenance and critical capital works must continue. To support workforce safety, Queensland Rail has implemented a number of additional control measures related to COVID-19 management. We will continue to take the necessary precautions to ensure the ongoing health and wellbeing of our team and the communities in which we operate.

The East Ipswich station accessibility upgrade is part of the State Government's \$357 million investment to upgrade stations across the South East Queensland network, making them accessible for all customers.
