

# Frederick Street bridge replacement

## Project update November 2022

Early works for the new bridge are progressing well. Queensland Rail has completed structural works to support the bridge on the Mina Parade side.

On the Frederick Street side, piling and support works have been completed and work on the entry ramp is continuing. Queensland Rail hopes to reopen the street in early December, weather and construction conditions permitting.

Works will continue to take place 6am to 6pm Monday to Saturday throughout November.

### Impacts

**Machinery and construction noise** - Excavators, generator, piling, jackhammering, truck movements, concrete, crane and road works.

**Road closure for safety** - Between 47 and 55 Frederick Street. Footpath and driveways remain open.

**Equipment storage** - in the Waterford Street easement.

**Parking** - Some on-street parking may be unavailable.

Works are expected to be completed in late 2023. Thank you for your patience.
