

# Easter works

## Indooroopilly rail bridge

Friday 18 to Monday 21 April 2025

### What?

Queensland Rail will undertake weekend and public holiday works over the Easter period as part of refurbishment and repainting works on the Indooroopilly rail bridge.

These works are necessary due to delays associated with recent significant weather events including TC Alfred.

We apologise for any inconvenience caused by the scheduling of these activities.

### When?

Weekend and public holiday works will be carried out **from Friday 18 to Monday 21 April, 6am to 4pm** each day (day shifts only).

### Where?

Works will mainly occur on the central section of the Indooroopilly Bridge (steel rail bridge between the Walter Taylor road bridge and the Albert rail bridge).

While painting activities are not expected to create excessive noise, residents may notice the operation of equipment, including generators and compressors.

There may be an increased presence of personnel and vehicles in the work compounds (beneath the bridge) on either bank of the river.

### Impacts

Trucks around work compounds with flashing lights and reversing beepers

Day shifts only, Easter period 18-21 April

Surface preparation and painting (generators, compressors) and powered tools

Every effort will be made to carry out these works with respect for our valued neighbours. We apologise for any inconvenience and thank you for your understanding during these important works. Works may be subject to change due to weather conditions and operational requirements.
