

Our ref: MCR-15-412

Dear Resident

## **WOOMBYE STABLING FACILITY**

Queensland Rail is committed to working closely with the local community regarding the new stabling facility to be located in Woombye.

I am aware of the community concerns expressed about the decision to construct a rail stabling facility here. I hope that by sharing detailed, factual information, we can provide clarity around some of the issues that have been raised.

Queensland Rail has been given the responsibility of delivering this project and we are committed to providing you with information as soon as it is available, particularly in relation to milestone dates associated with design and construction.

Starting on 30 May 2015, Queensland Rail staff will be in Woombye for a week, to talk with you and answer questions about project design and construction. I invite you to take the opportunity to come and chat to them.

Information about meeting times and locations were distributed to everyone in Woombye last week. This information is also available on our website [www.queenslandrail.com.au/stabling](http://www.queenslandrail.com.au/stabling), by ringing 1800 783 334 (free call) or emailing [stabling@qr.com.au](mailto:stabling@qr.com.au).

We look forward to working with you in your community.

Yours sincerely

**Helen Gluer**  
Chief Executive Officer
