

Lindum station accessibility upgrade

Works complete!

You'll find the new and improved station is more accessible and easier to use for a more seamless journey on our network.

The new modern station features:

A new footbridge with lift, ramp and stair access

Upgraded hearing augmentation loops and tactile ground surface indicators

Lighting and CCTV throughout the station precinct

Improved seating and extended platform shelters

Full length high-level platforms

Accessible toilet

Upgraded station office and facilities

Accessibility-compliant ticket window

New wayfinding and platform signage

Secure (swipe access) storage for 40 bicycles

Upgraded carparks with space for 211 cars

Six accessible car spaces

12 motorcycle parking bays

Lift access to platforms and carparks

Accessibility-compliant ticket window

Full length high-level platforms

Secure bicycle storage

Accessible parking

Footbridge accessible by lifts and stairs

At Queensland Rail we aim to proactively engage with our customers and Queensland communities through a variety of channels.

With the aim to continually improve the way we keep our community informed about our station upgrade programs, we invite you to provide feedback on your experience with our communications about the Lindum station accessibility upgrade.

Please scan the QR code to take part in a five-minute survey to share your feedback on how we communicate with you.

Thank you for your support during the upgrade.

We hope you enjoy your new Lindum station.

This upgrade is part of Queensland Rail's ongoing investment to make stations more accessible.

In the latest program of works we also upgraded Banyo, Bundamba, Buranda, Burpengary and Morningside stations as part of our Station Accessibility Upgrade Program.
