

# Asphalting works

## Northern park 'n' ride

From Friday 13 June 2025

### What?

As part of Lindum station's northern carpark expansion, Queensland Rail's contractor will be undertaking carpark resurfacing works in the coming weeks.

Surface preparation (priming) will commence on Friday 13 June, followed by asphalting works over two days, from Monday 16 June.

Priming activities involve a truck spraying a bitumen-based emulsion onto the carpark surface. (This is similar to works recently undertaken in Eccles Street.)

Nearest residents may notice an odour associated with the priming spray and subsequent asphalting works. We apologise for any inconvenience.

### When?

Preparation activities (priming): **Friday 13 June, 6am to 6pm** (day shift only), with works to continue on Saturday 14 June if required.

Asphalting works: **Monday 16 and Tuesday 17 June, 6am to 6pm** (day shift only). Works may continue over the remaining weekdays, if required.

### Where?

Lindum station northern park 'n' ride.

Project vehicles may access the work zone via Eccles Street and the North Road site gate.

### Impacts

Asphalting/resurfacing works

Truck movements and the operation of asphalting plant and equipment

Day shifts (including Saturday works)

Odour - primer and asphalt

Traffic management to assist project vehicles accessing the work zone

Every effort will be made to carry out these works with respect for our valued neighbours. We apologise for any inconvenience and thank you for your patience while we build you a better Lindum station. Works may be subject to change due to weather conditions and operational requirements.
