

Geotechnical works and partial carpark and road closures - 3 to 14 October

Queensland Rail will carry out geotechnical works at Morningside station, to assist with the upcoming station upgrade. Screw piling will be carried out in the carpark and adjacent to the freight line. Additional machinery will be on site for these activities.

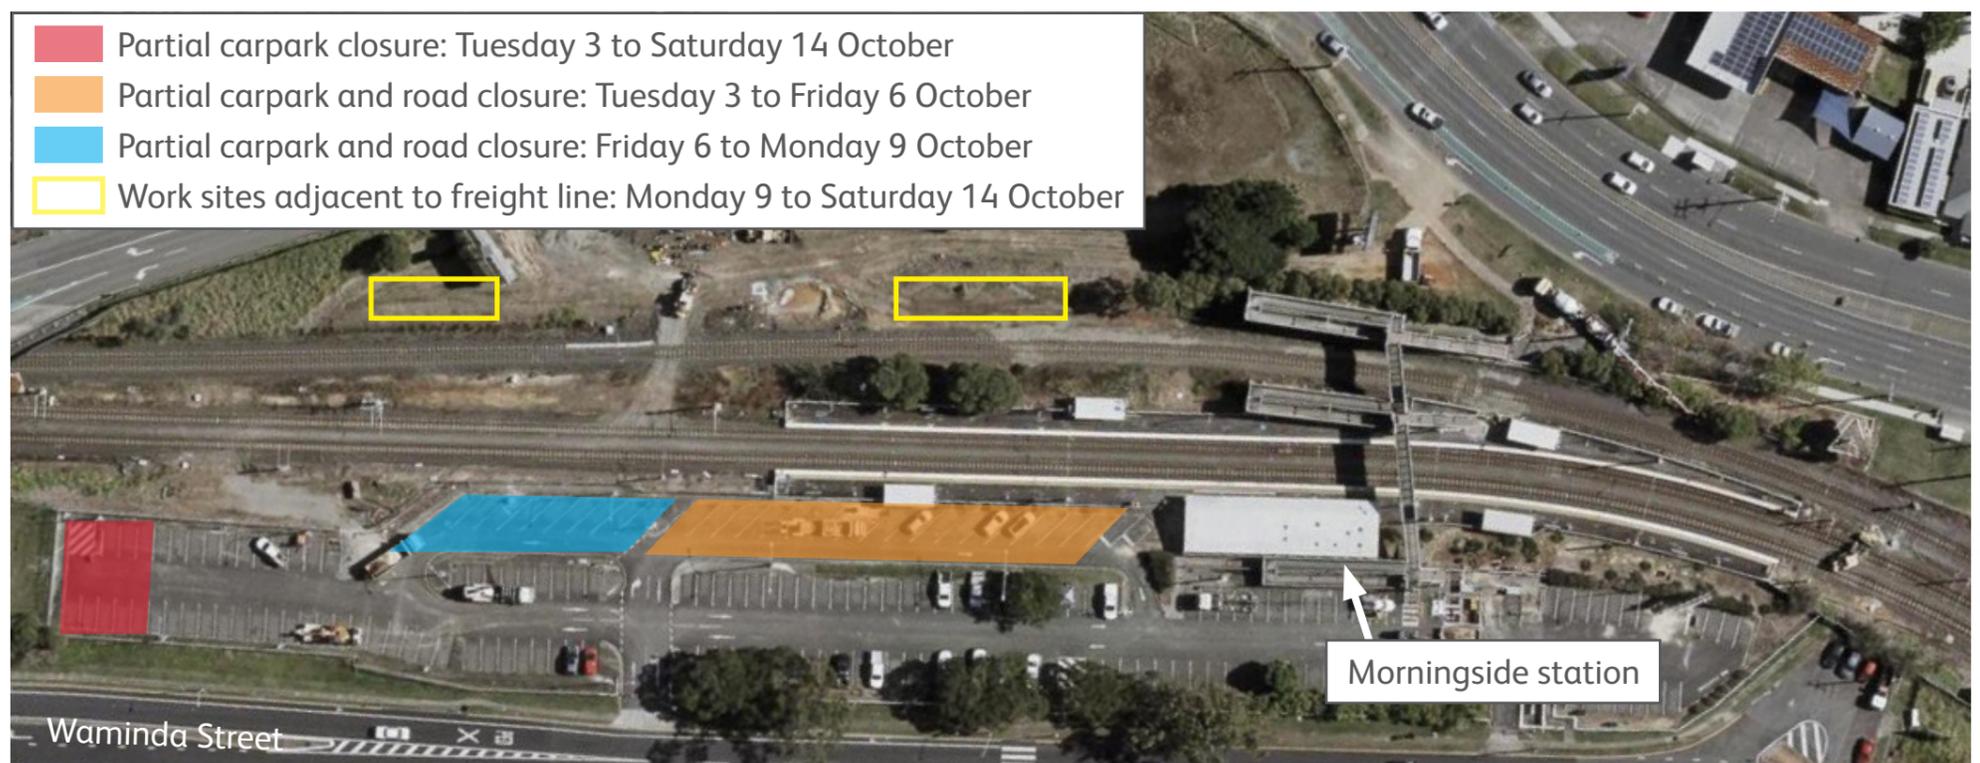

The following station precinct changes will be in place during this time:

- Partial carpark closure for temporary site office - **Tuesday 3 October to Saturday 14 October** (see red area of map below)
- Partial carpark and road closure within the park 'n' ride for screw piling:
 - **Tuesday 3 October to Friday 6 October** (see orange area of map below)
 - **Friday 6 October to Monday 9 October** (see blue area of map below)
- Work sites adjacent to the freight line - **Monday 9 October to Saturday 14 October**.

Traffic management will be in place from **Tuesday 3 October to Monday 9 October** to assist motorists during the parking closures.

Please assist by removing your vehicle from the affected car spaces by **11pm the night prior** to their closure.

We appreciate your cooperation and patience while we carry out this work.
