

# Morayfield station accessibility upgrade

WORKS NOTICE

## Night and weekend works – scheduled track closure

### 4am Saturday 6 to 4am Monday 8 April 2019

As part of the Morayfield station accessibility upgrade, continuous works will be undertaken at the station from **4am Saturday 6 to 4am Monday 8 April 2019**.

These works are being undertaken during a scheduled track closure, when there is no rail traffic and the overhead power is switched off. During this time, rail replacement buses will operate – refer to the directional signage at the station for the bus stop location.

Residents near the station may experience some noise associated with construction activity and truck movements. Mobile lighting towers will be used during night works.

For the safety of the public during the station and track closure, there will be no public pedestrian access through the station precinct, including carparks, and the footbridge will be closed.
