

Temporary closure – western carpark

Extended to mid-February 2019

Due to unfavourable ground conditions encountered during works, the temporary closure of the western carpark has been further extended to **mid-February**.

We apologise for this change to our program as we prepare the foundations for the station's new footbridge and lifts.

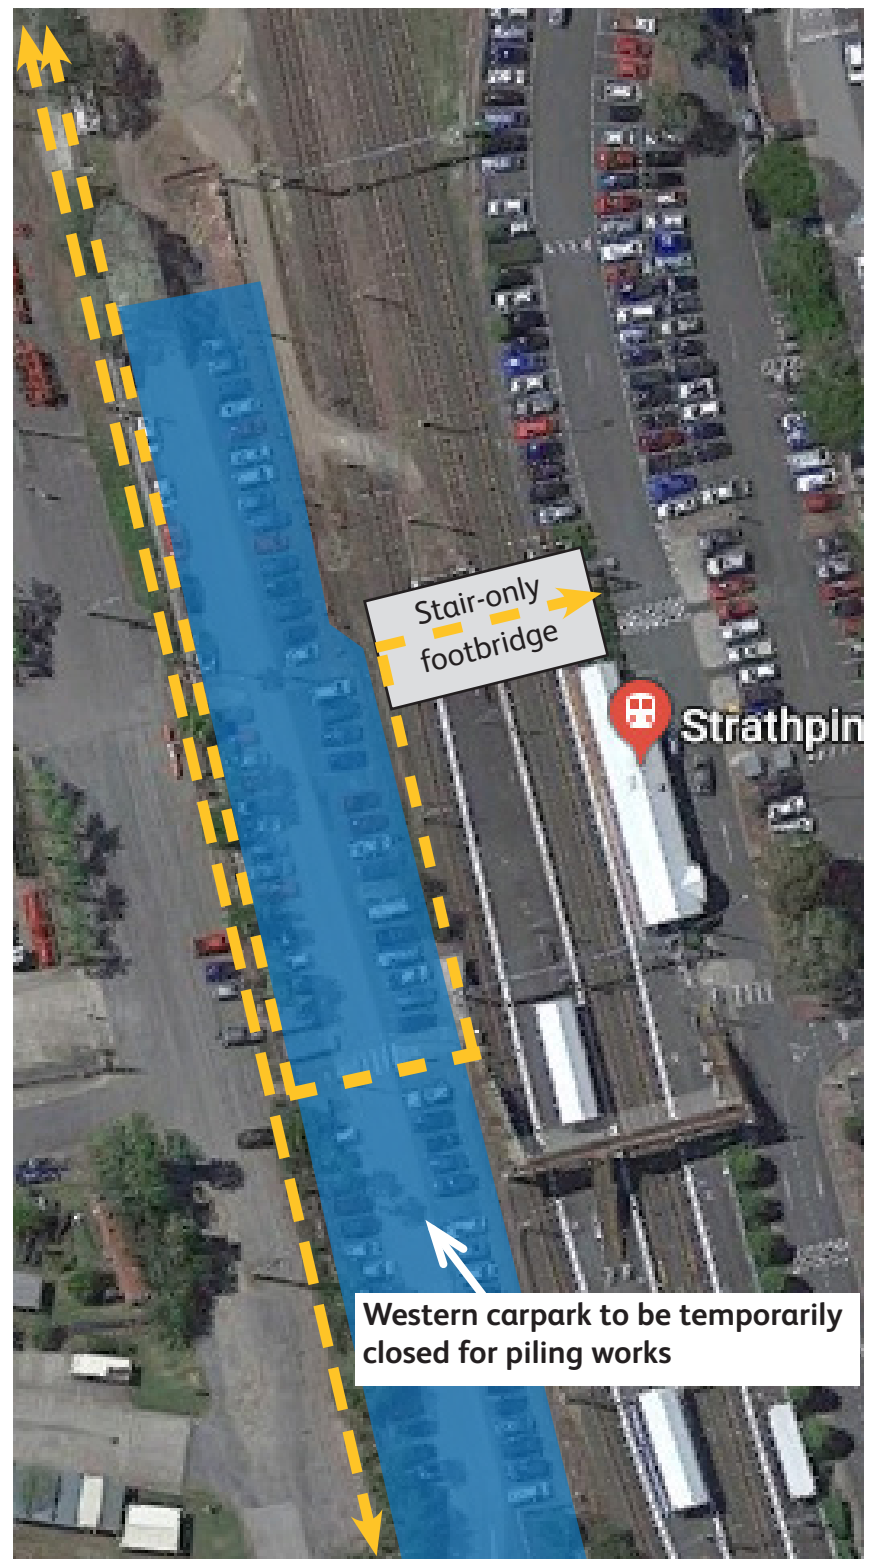

The station will operate as usual and services will be unaffected. The eastern carpark will remain open.

An accessible pedestrian path between Nicol Way and South Pine Road will be maintained at all times and the temporary stair-only footbridge will be open.

If you require assistance with station access please call **13 16 17** or text-only **0428 774 636**.

We will reopen the carpark as soon as works are completed and it is safe to do so.

We appreciate your cooperation and apologise for any inconvenience as we work to improve your station.
