

Auchenflower station accessibility upgrade

WORKS NOTICE

After hours works, including tree removal and road closure

Saturday 1 and Sunday 2 August

As part of the Auchenflower station accessibility upgrade, Queensland Rail will undertake after hours works, including the demolition of shelter structures and tree removal, over the weekend of **Saturday 1 and Sunday 2 August** (weather and construction conditions permitting). These works have been scheduled during a planned track closure, when there are no trains running and the power to the overhead lines can be switched off.

During this weekend, **Auchenflower Terrace will be closed between Mcllwraith Street and Ridley Street** (see map over the page). Traffic management, including a diversion, will be in operation and we ask motorists to drive to the changed conditions. Local access will be maintained at the instruction of the traffic controller.

Tree removal, adjacent to platform 4 (Auchenflower Terrace) will be undertaken to enable the construction of the new footbridge, lifts and walkway to the station's existing carpark. All tree removal will be carried out under an approved Environmental Management Plan and a fauna spotter/catcher will be engaged prior to any clearing activities. At project completion, the upgraded precinct will be revegetated with appropriate native species, with consideration given to rail operations, visual amenity and screening of nearby properties.

Residents near the station may experience some noise associated with these activities. Every effort will be made to minimise disruption and we apologise for any inconvenience as we undertake these important works.

Overview of works

Location	Dates and hours of work	Type of work
Auchenflower station and rail corridor	<i>Weekend works during track closure:</i> <ul style="list-style-type: none">6am Saturday 1 to 10pm Sunday 2 August (continuous works)	Station upgrade construction enabling works involving: <ul style="list-style-type: none">demolition of existing waiting sheltersoperation of a large crane, trucks and machinery with flashing lights and reversing beepers

Queensland Rail Limited ABN 71 132 181 090

Novel Coronavirus (COVID-19) – Queensland Rail is committed to keeping essential rail services operating for Queenslanders during this challenging time and to do this, network maintenance and critical capital works must continue. To support workforce safety, Queensland Rail has implemented a number of additional control measures related to COVID-19 management. We will continue to take the necessary precautions to ensure the ongoing health and wellbeing of our team and the communities in which we operate.

The Auchenflower station accessibility upgrade is part of the State Government's \$357 million investment to upgrade stations across the South East Queensland network, making them accessible for all customers.
