

East Ipswich station accessibility upgrade

WORKS NOTICE

Night works – overhead line infrastructure

August 2020

Queensland Rail will undertake overhead line activities **over four nights from Monday 3 to Thursday 6 August 2020** (weather and construction conditions permitting), as part of the East Ipswich station accessibility upgrade.

These works can only be undertaken when there is reduced rail traffic and the overhead power is switched off.

Nearby residents may notice some noise associated with these activities in the vicinity of the station precinct and adjacent rail corridor. Every effort will be made to minimise disruption and we apologise for any inconvenience as we work to improve your station.

Queensland Rail Limited ABN 71 132 18 1090

Novel Coronavirus (COVID-19) – Queensland Rail is committed to keeping essential rail services operating for Queenslanders during this challenging time and to do this, network maintenance and critical capital works must continue. To support workforce safety, Queensland Rail has implemented a number of additional control measures related to COVID-19 management. We will continue to take the necessary precautions to ensure the ongoing health and wellbeing of our team and the communities in which we operate.

The East Ipswich station accessibility upgrade is part of the State Government's \$357 million investment to upgrade stations across the South East Queensland network, making them accessible for all customers.
