

# Strathpine station accessibility upgrade

WORKS NOTICE

## Piling (foundation) works – western carpark – extended

- Day works through to mid-February 2019
- Sunday 10 February 2019 (if required)

Due to unfavourable ground conditions encountered, piling works have been extended in the station's western carpark until **mid-February**. Piling involves boring (or drilling) deep into the ground and backfilling with steel and concrete to form the foundation for the new footbridge and lift shafts.

Works will be undertaken during regular daytime shifts, Monday to Saturday. *Sunday 10 February will be worked only if required, if activities are not completed as expected due to weather or other construction conditions.*

The station will operate as usual and services will be unaffected. For safety, the western carpark will continue to be closed during these works. The eastern carpark will remain open.

An accessible pedestrian path between Nicol Way and South Pine Road will be maintained at all times and the temporary stair-only footbridge will be open.

Every effort will be made to minimise disruption and we apologise for any inconvenience as we work to improve your station.

### Overview of work

Location	Dates and hours of work	Type of work
Strathpine station – western carpark	<b>Saturday 19 January to mid-February</b>	Western carpark closed for construction: <ul style="list-style-type: none"><li>• no customer parking (western carpark)</li><li>• accessible path (between Nicol Way and South Pine Road) open</li><li>• stair-only temporary footbridge open.</li></ul>
