

Toowoomba Range Clearance Upgrade

Works notification – April 2018

Queensland Rail is undertaking works for the Toowoomba Range Clearance Upgrade project in early April. This project involves increasing the height of 11 heritage listed tunnels between Toowoomba and Brisbane to ensure more exporters can use rail services.

The works will occur at two locations on the West Moreton line, between Holmes and Spring Bluff. Please see the map overleaf for more information.

The works are planned to commence at midnight on Friday 6 April and will be completed by midnight on Monday 9 April. Works will occur on a 24 hour basis during this time, however it is anticipated that noisy works are scheduled during the day in the first instance and will only be undertaken at night where deemed necessary.

Overview of work

Location	Dates and hours of work	Type of work
Two locations between Holmes and Spring Bluff	From midnight Friday 6 April until midnight Monday 9 April (continuous works)	Site preparation, including mobilisation of plant and machinery, drilling and installing rock bolts inside tunnels. This will involve: <ul style="list-style-type: none">• drilling within tunnels• installation of rock anchors at the base of tunnel walls• a generator• lighting towers at tunnel entrances• the delivery of materials and machinery• light vehicle movements, including reversing beepers and flashing safety lights.

Access to the rail alignment and work location will be via Donnelly's Road at Murphys Creek.

Queensland Rail apologises for the inconvenience caused by these activities and every effort will be made to carry out these works with minimal disruption.

Works are undertaken on a 24 hour basis during this time due to a scheduled track closure to reduce the impact to freight and passenger services.

For more information, please call **13 16 17** (during business hours) or email communityengagement@qr.com.au
