

Vegetation works

from Monday 6 November

Queensland Rail will undertake tree removal works adjacent to Banyo station daily between 7am and 6pm in the week commencing Monday 6 November.

Four trees in Royal Parade and two trees in the Banyo library carpark will be removed to enable the construction of new station footbridge and lift infrastructure and platform widening as part of the Banyo station accessibility upgrade.

All vegetation removal and reinstatement works will be carried out in accordance with Council requirements.

Localised traffic management will be in operation to support works.
